

StreamMaster Manual Monitor - Pyrolite 4" flange x 3.5" NH outlet (monitor only)

STYLE 3570

Each of our firefighting monitors are designed and manufactured to integrate the latest technology and provide excellent water flow. The StreamMaster Monitor is no different. It has uniquely designed, low profile 4" waterway with cast-in turning vanes. When coupled with an 80 psi nozzle, the pump can operate at lower pressures for flows up to 2000 gpm (7600 lpm).

Find a distributor near you if you're interested in this product or other firefighting monitors.

Features

StreamMaster Manual Monitor The Streammaster Manual Monitor is a dual handwheel controlled monitor suited for large flow needs in fixed site installations.

- Pyrolite finish
- Full 360° horizontal travel and 135° vertical travel, both with adjustable stops
- Elevation 45° below to 90° above horizontal
- Smoother, easier handwheel operation of both horizontal and vertical travel
