# FULLY AUTOMATIC BLADE RETRACTION TECHNOLOGY

## 122001 – SECUPRO Martego

- Ergonomic experience due to Pre-set cutting edge; curved and lockable housing
- Fully automatic blade retraction
- Integrated magnet helps in easy change of the blade
- Lockable cutter and prohibit blade change
- Solingen quality blade with its four sharp edges can be used on each of the edge
- Extremely abrasion resistant
- Small cutting depth prevents unnecessary injury
- Suitable for right and left-handers
- Safety Lock prevents blade from accidentally extending
- Cuts Cardboard (2-ply), Tape, Plastic strapping band

## 124001 – SECUPRO Merak

- Ergonomics and high quality plastics used in design
- Low fatigue and high productivity
- Shallow cutting depth means the contents are not damaged
- Integrated magnet helps in easy changing of the blade
- Solingen quality blade with its four sharp edges can be used on each of the edge
- Abrasion resistant
- Designed with a squeeze grip, suitable for right and left hand users
- Fully automatic blade retraction
- Safety Lock prevents blade from accidentally extending
- Cuts Cardboard (2-ply), Tape, Plastic strapping band

## 116001 – SECUPRO Megasafer

- Ergonomically styled heavy-duty cutter
- Double sided slider makes it suitable for right and left handed use
- Time-tested Martor safety technology: automatic blade retraction
- Double edged blade increases usage time
- Wrapping, stretch and shrink foil; Tape; Foam/ Polystyrene; Felt, Fleece and layers of foil or paper

## 101199 – SECUPRO MAXISAFE

- Double-edged usable blade
- Triple sided slider
- Easy blade change
- Ergonomic handle helps work quickly and effectively

# CONCEALED BLADE SAFETY TECHNOLOGY

## 109137 – SECUMAX COMBI

- Concealed blade improves the safety
- Blade used on all four corners increases lifetime
- Ergonomic handle helps work quickly and effectively
- Tool less blade change
- Wrapping, stretch and shrink foil; Tape; Yarn, cord; Adhesive tape

## 121001 – SECUMAX EASYSAFE

- Concealed blade improves the safety
- Blade used on all four corners increases lifetime
- Ergonomic handle helps work quickly and effectively
- Lockable cutter and prohibit blade change
- Small metal at top especially for packaging tape

## 150001 – SECUMAX 150

- 3-in-1 blade head fits in one's hand very comfortably
- Concealed blade maximizes the safety
- Guide surfaces located at the front of the cutter helps to cut out at an angle lowering material resistance
- Disposable cutter – no blade change
- Ergonomically shaped to fit perfectly in any hand

## 350001 – SECUMAX 350

- Robust ergonomic design perfectly fits in any hand
- Spare blade in storage, easy blade change and safely executed
- Light and easy to cut – high cutting frequencies won't be a hindrance
- Concealed blade maximizes degree of safety
- Cardboard upto 3-ply; Wrapping, stretch and shrink foil; Plastic strapping band; Tape

## 7469 – SECUMAX CARDYCUT

- Stainless steel blade
- Extremely flexible
- Materials it cuts best: Thin paper and foil
- Suitable for right and left handed users
- Tape; Yarn, cord; Layers of foil or paper; Wrapping, stretch and shrink foil

# AUTOMATIC BLADE RETRACTION TECHNOLOGY

## 125000 – SECUNORM MIZAR

- Robust ergonomic design, lockable squeezable grip fits all hands
- Tool-less easy blade change
- Extremely durable due to glass fiber content
- Double-sided blade increases blade usage time
- Multi-purpose locking function
- Cardboard upto 3-ply; Wrapping, stretch and shrink foil; Plastic strapping band; Tape

## 120000 – SECUNORM Profi25

- Robust ergonomic design of abrasion resistance enables to cope with high cutting frequencies over extended time period
- Tool-less easy blade change
- Double-sided blade increases blade usage time
- Suitable for right- and left-handed use
- Cardboard upto 3-ply; Wrapping, stretch and shrink foil; Plastic strapping band; Tape

## 123000 – SECUNORM PROFI LIGHT

- Robust ergonomic design of abrasion resistance enables to cope with high cutting frequencies over extended time period
- Tool-less easy blade change
- Slider suitable for right- and left-handers
- Double-sided blade useful for making indefinite number of cuts
- Handle can accompany different blade types
- Cardboard upto 3-ply; Wrapping, stretch and shrink foil; Plastic strapping band; Tape

## 175001 – SECUNORM 175

- Four times usable blade
- Double sided slider
- Easy blade change
- Ergonomic handle helps work quickly and effectively
- Practical eyelet makes it easily available
- Cardboard upto 3-ply; Wrapping, stretch and shrink foil; Tape; Yarn, cord; Plastic strapping band

## 119001 – SECUNORM PROFi40

- Houses a blade resistant to snapping
- Robust design of abrasion resistance enables to cope with high cutting frequencies over extended time period
- Tool-less easy blade change
- Suitable for right and left hand users
- Cardboard upto 3-ply; Wrapping, stretch and shrink foil; Bagged goods; Foam/ Polystyrene
- Ideal for cutting different types of sacks
